

Alhambra Palace

The Alhambra Palace is only 50 minutes drive inland towards Granada from the coast and is a very popular and worthwhile destination for everyone who visits the area.

Once you get near the outskirts of Granada you will see signs leading you there. Although you can buy your tickets at the gate, it is highly recommended in high season to get your tickets online through the Alhambra Palace website .

It is quite hard walking around the Alhambra, and it gets hot during the summer months - so wear comfortable flat shoes, take some water with you and a hat. There are a couple of snack bars in the grounds where you can stop for a refreshing cold drink. It takes about four or five hours to go around the Alhambra properly, but it is an amazing place.
